

Sec. 10-6-6 Standards and Procedures for All Fixed Base Operators (FBO's) and Specialized Commercial Flying Services.

- (a) Unless specifically provided otherwise in the Standards and Procedures for a specific Category of Fixed Base Operator or Specialized Commercial Flying Service, the Operator shall lease from the City an area of not less than five thousand (5,000) square feet of ground space on which shall be erected a building to provide at least two thousand five hundred (2,500) square feet of floor space for aircraft storage, and adequate floor space for office and customer lounge, which shall be properly heated and lighted, and shall provide telephone facilities.
- (b) The Operator shall provide for a paved walkway within the leased area to accommodate pedestrian access to the Operator's office.
- (c) The Operator shall provide a paved taxiway to accommodate aircraft movement from the Operator's facilities to the existing Airport taxiway system.
- (d) The Operator shall have in his/her employ and available during the appropriate business hours, trained personnel in such numbers as are required to meet the minimum standards as set forth in this category of services in an efficient manner.
